

1. CHALLENGE

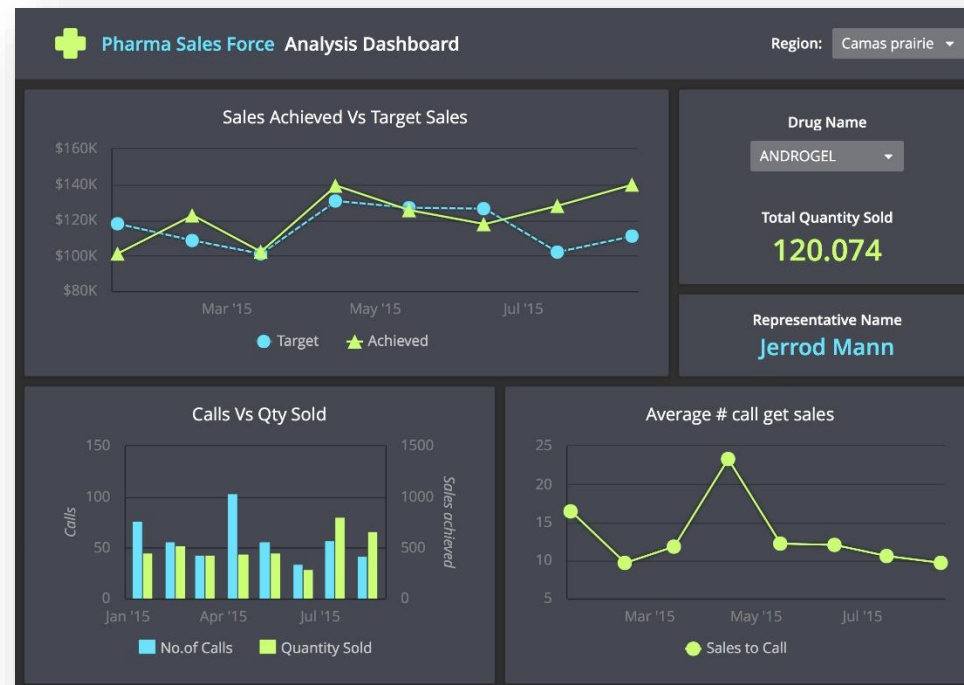

Helping startups track their progress

Many startups spend lots of time creating business plans but they lack the tools and time to monitor their progress over weeks, months, and years.

Problem: This business development company wanted to source a comprehensive reporting solution as a part of their solution package.

2. RESULTS

Deliver Actuals vs Budget at a glance.

3. EXPERIENCE

Sébastien, Innovative project manager @ Eurasanté

“We promote proper business management for the startups in the region. ClicData has helped them focus on their business while providing investors and partners with the visibility they need.”
