

1. CHALLENGE

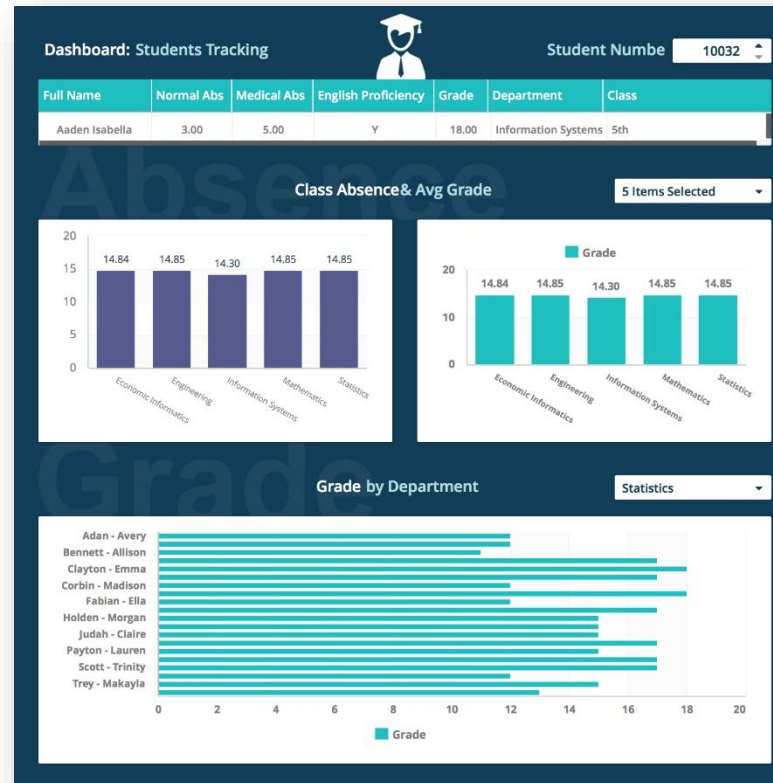

Reporting student performance

This company's goal was to create a test scores reporting vehicle that helps parents and teachers view a wide range of student performance metrics.

Problem: They needed to consolidate reports that would track test scores, student infractions, attendance and many other factors.

2. RESULTS

Consolidated student progress

3. EXPERIENCE

Mucheru, Project Manager
@ Smart Schools Applications

“Easy to use, intuitive UI, mobile friendly solutions and faster deployment is what we promise our clients and ClicData allows us to deliver on that promise.”
