

## 1. CHALLENGE

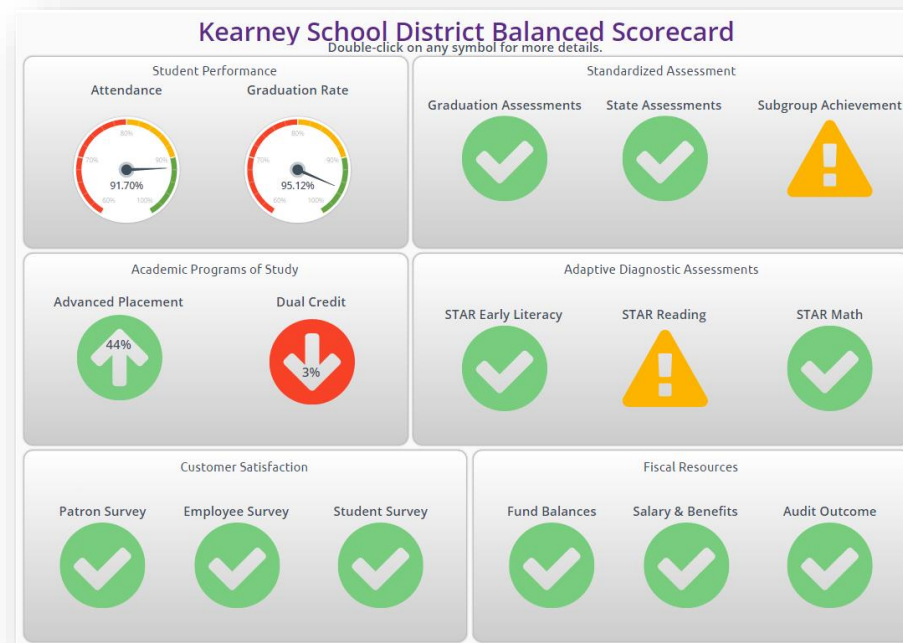

### Measuring our objectives

A committee creates objectives for the district which are aligned to our improvement plan.

**Problem:** there was no visual representation of our progress toward these objectives.

## 2. RESULTS

### An accurate visual representation of our progress!

## 3. EXPERIENCE

Ryan, Technology Director  
@ Kearney School District

“ClicData’s ease of use and library of gadgets and **customizable** graphs make it a feature-rich product for visualizing your most important data.”
